

Guide for the Database “GOTIS chemical products” in

DAIMLER GMS **DAIMLER Gefahrgut- und Gefahrstoff** **Management System**

Daimler dangerous goods and hazardous
substances management system

Indition 2
Status: 08.08.2017

The Daimler hazardous goods and hazardous substances management system (GMS) is available from:

<http://gms.aftersales.daimler.com>

The screenshot shows the Daimler website header with the navigation menu: HOME / CONTACT / FEEDBACK / QUICK GUIDE / **GUIDE GOTIS CHEMICAL PRODUCTS** / LOGIN. Below the header is a banner image of a man in a blue shirt standing next to a car. Below the banner is the text: **Gefahrgut- und Gefahrstoffmanagement - Extranet** and *hazardous material an dangerous goods management*.

Callouts from the banner image:

- Here you can view the Guide
- Here you can change the language for your search in English

Logos for Mercedes-Benz, Mitsubishi, and OMNIplus are shown on the left side of the page.

The login section is highlighted with a callout box containing the following text:

Login section: If you already have a Username and Password, enter them here. Click on a button "Login" to login to the system

Below the login form, there are two links: [Forgot your password?](#) and [Create new account...](#). A callout box points to the "Create new account..." link with the following text:

Login section: If you have not registered yet, click on a button "Create new account".

At the bottom of the login section, there is a link: [Product informationen detergent regulation EC/648/2004](#).

Registration

On this page you can register as a new user. After a successful activation you are able to use the dangerous goods and hazardous materials management system (GMS) worldwide.

Use
Innovative paintwork finishing polish for one-step polishing to eliminate defects after post-repair refinishing and for finishing touched-up surfaces such as dust inclusions and paint runs. Eliminates P2000 grit roughing marks.

Note
GGA-ID: 22108
P statements: P102

Equipment / product description
Finish polish for sanded paint surfaces or those treated with abrasive paste. For single-level polishing of sanded paint defects. Special nano-sized abrasives allow good removal of scratches, and produce an optimal gloss without holograms. Removes marks of a P2000 grit or finer. Silicone free

Here you can find the vehicle product specification

Suitable for
Vehicle type PKW ,Truck ,Van
Brand MB
